HACKATHON

Event Description:

A 2 - Day intensive team-based hackathon where participants will design, develop, and present a complete web application that solves a real-world problem.

Teams are required to build a fully functional solution that includes:

- Frontend (User Interface)
- Backend (Server-side Logic)
- Database Integration
- API Connectivity
- Testing and Demonstration

The objective of this event is to enhance innovation, teamwork, real-time problem-solving ability, and full-stack development skills.

Team Specification:

1. Each team must consist of 2 to 4 members.
2. Students from different institutes can be part of the same team.
3. Registration fee per participant: Rupees 50/- Click Here to Register
4. Interdisciplinary teams are encouraged.
5. Each team must designate one Team Leader during registration.

Hackathon Themes: **Note: The proposed solution must be practical, innovative, and implementable**

Teams must select and solve a real-world problem under any one of the following domains:

- Artificial Intelligence / Machine Learning Applications
- Healthcare Technology
- Agriculture & Rural Development
- Smart Campus / Smart City Solutions
- FinTech Applications
- EdTech Platforms
- Cybersecurity Solutions
- Social Impact & Sustainability
- Cloud-Based Applications
- Microservices Architecture
- Full Stack Development

Event Structure (2 Days):

Day 1

1. Inauguration & Orientation.

- Welcome Address
- Rules & Guidelines Explanation
- Hackathon Launch

2. Idea Finalization & Abstract Submission

Each team must submit: - Problem Statement - Proposed Solution - Technology Stack - Expected Outcome

The jury panel will review and approve the problem statements.

3. Development Phase – Part 1

Teams will: - Design system architecture - Develop frontend interface - Set up backend framework - Design and connect database schema

Mentors will monitor progress during this phase.

Day 2

4. Development Phase – Part 2

Teams must: - Complete core functionalities - Integrate frontend and backend - Implement authentication/authorization (if required) - Conduct testing and debugging - Prepare for final demonstration

5. Final Submission

Teams must submit: - Public GitHub Repository Link - Project Presentation (Maximum 10 Slides) - Project Demo Video (3–5 Minutes) - Working Application (Localhost or Hosted Link)

6. Final Presentation & Demo

- 8–10 Minutes Project Demonstration
- 3–5 Minutes Jury Interaction & Q&A

Technical Requirements

1. The project must be a Web Application.
2. Backend integration is mandatory.
3. Database connectivity is compulsory.
4. API-based architecture is recommended.
5. Static websites without backend functionality will not be accepted.
6. Plagiarism is strictly prohibited.

Suggested Technologies: - Frontend: React / Angular / HTML-CSS-JavaScript - Backend: Node.js / Spring Boot / Django / Flask / etc. - Database: MySQL / MongoDB / PostgreSQL

Evaluation Criteria

- Problem Understanding & Relevance – 10%
- Innovation & Creativity – 20%
- Technical Implementation – 25%
- Backend & Database Integration – 15%
- UI/UX Design – 10%
- Functionality & Testing – 10%
- Presentation & Demo – 10%

Presentation Structure (Maximum 10 Slides)

1. Title Slide
2. Problem Statement
3. Existing System & Limitations
4. Proposed Solution
5. System Architecture Diagram
6. Technology Stack
7. Implementation Details
8. Results / Screenshots
9. Future Scope
10. Conclusion

Rules and Regulations

1. Teams must bring their own laptops and necessary accessories.
2. Complete pre-developed projects are not allowed.
3. Usage of AI tools (ChatGPT, Copilot, etc.) must be declared.
4. Any malpractice will lead to immediate disqualification.
5. Teams must be present throughout the 2 Days duration.
6. The decision of the jury will be final and binding.
7. The organizing committee reserves the right to modify rules if necessary.
8. Each team must register online through Official Codeathon'26 Website or offline through the event coordinators.
9. All team members must have a valid Codeathon ID and college ID. External participants should submit a Bonafide Certificate signed by their Principal/HOD.
10. . Misbehavior or non-compliance with the event rules may lead to disqualification.
11. The organizing committee reserves the right to modify the rules at any time, with participants informed via email/WhatsApp.
12. The decision of the jury will be final and binding.
